

# Ivan Gavrilin, Frontend developer

[ Moscow, Russia ]

## Profile

I work on **React** and pure **JS/TS**, I can make responsive layouts and write tests. I am actively studying and constantly expanding my stack. Having come to the frontend from the field of online commerce, I brought from my previous job people skills and an understanding of the client's view of web design. Fluent in English and German. I live in Moscow, ready for relocation.

## Skills

**React Redux Next.js**  
**JavaScript TypeScript**  
**HTML CSS/SCSS Material UI**  
**RESTful API GraphQL**  
**Unit Testing Vitest**  
**Webpack Vite Git GitHub**  
**commerce tools openCart**

## Languages

**English – B2**  
**German – B1**  
**Russian - native**

## Experience

### **AcePlace [Moscow] | Frontend developer**

05.2024 – present

Building frontend of a social marketplace using Next.js. Refactoring of existing codebase and creating new components. Adaptation of previously created components to new backend. Migration the project to FSD-architecture. Teamwork.

### **Freelance | Frontend developer**

01.2024 – 05.2024

I have created several projects on React, TS and JS. My portfolio - [gavrilin.online](https://gavrilin.online).

### **fontan-online.ru | Individual entrepreneur**

01.2012 — 05.2024

I ran an online store, which I had created from scratch using Joomla CMS and later rebuilt with openCart CMS.

### **OSKO, Stiebel Eltron, Hydroplastics**

#### **Commercial director**

1999 — 2012

Sales of equipment of German companies. I worked my way from intern to commercial director

## Education

### **THE ROLLING SCOPES SCHOOL | Frontend developer**

10.2023 - 01.2024

I finished the **React 2023 Q4** course in 24th place out of 1,080 students. Among various completed projects was a team project for creating an online GraphQL query editor.

03.2023 - 10.2023

I completed the **JAVASCRIPT/FRONT-END 2023Q1** course in top 50 out of 5000+ students. The list of completed projects includes a team project of an e-commerce app using the commerce tools cloud backend.

### **Moscow Power Engineering Institute**

#### **Master Electrical engineer**

1993 - 1999
